

Do you want to make a difference to everyone's future?

Our goal is to discover whether fusion, the process that keeps the sun burning, can be harnessed to provide humanity with an almost limitless source of energy that has a low environmental impact.

We have opportunities available and welcome applications from people who wish to join us in this exciting goal.

We need bright, enthusiastic people to join our progressive team who are motivated to succeed, able to solve problems creatively and contribute to our mission.

Please come along to our

Recruitment fair

meet staff, discuss job
opportunities and have a tour of
key areas of the Fusion site

16:30 to 20:00

**Tuesday
23rd April
2013**

To confirm your place please contact

Alanna O'Connor

Tel: 01235 466831

Email: Alanna.O'Connor@ccfe.ac.uk

Please send through your CV via
email and confirm area of interest.
